There was no objection.

AUTHORIZATION FOR USE OF MILITARY FORCE AGAINST INTERNATIONAL TERRORISM AND THE WAR POWERS CON- SULTATION ACT

(Mr. WOLF asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WOLF. Madam Speaker, today, I will be introducing two bills to address the most pressing national security threat since 9/11, the rapid advances made in ISIS in Iraq and Syria, as well as territorial gains made by al Qaeda-affiliated groups in Libya, Nigeria, and Somalia.

We are seeing perhaps the largest ever territorial gains by terrorist groups in the Middle East and north Africa. If we learned any lesson from 9/11, it is that wherever terrorist groups find safe haven to train and plot, the United States and our allies will inevitably be targeted.

The purpose of this authorization is to end any ambiguity about the President's authority or the Congress' support for a U.S.-led international coalition to take action against this threat.

Passage of this bill also would send a strong message to our allies that the U.S. intends to confront and defeat this threat. The Congress has a responsibility and a constitutional obligation to take an up-or-down vote on this.

IMMIGRATION REFORM

(Mr. GARCIA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GARCIA. Madam Speaker, the President signaled that he would not move forward on comprehensive immigration reform, and we are deeply disappointed.

However, we should be angry—angry that this House has not had the courage to take up comprehensive immigration reform. For 1 year and 5 months, the Senate version has sat passed, and we have been unable to debate it. All during this time, we have hurt our country, our economy, and our families. The time has come to make a decision.

Now, while the President may have put this decision off, this decision will not work. It is the right thing to do. It is the American thing to do, and with God's help, it will be done before the conclusion of this year.

PRESIDENT IGNORED ISIS THREAT FOR YEARS

(Mr. WILSON of South Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WILSON of South Carolina. Madam Speaker, a year ago last June, I presented this map by Dr. Fred Kagan of the American Enterprise Institute, warning of expanding terrorist safe ha-

vens around the world. The President ignored these signs and underestimated the strength of the bloodthirsty terrorists. This has led to mass murder of opposing Muslims and American journalists.

According to a recent article in The Washington Times, after the U.S. exited Iraq, "It took just weeks for foreign al Qaeda fighters to start pouring back into Iraq to attack the new government. It announced itself as the Islamic State of Iraq and Syria, now the Islamic State, known as the initials ISIS and ISIL."

The President has been negligent for the past 2½ years, as ISIS fought to seize control of the very country we liberated with our dedicated military, including two of my sons and a martyred staff member.

Radical Islamic terrorists must be fully confronted and defeated to protect American families at home and our allies abroad.

In conclusion, God bless our troops, and the President should never forget September the 11th in the global war on terrorism.

We need peace through strength, and I want to commend the gentleman from Virginia, Congressman FRANK WOLF, who is retiring, who has been a stalwart for freedom.

THE FDA CREATES ROADBLOCKS ON THE PATH TO CURES

(Mr. BURGESS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BURGESS. Madam Speaker, the Committee on Energy and Commerce has embarked upon an ambitious plan to advance the cures of the 21st century and to make them a reality for today's patients and physicians.

I spent, indeed, part of August doing roundtables for the Energy and Commerce Cures initiative. One issue that came up time and again is the potential, the promise of genomic medicine to understand, diagnose, treat, and prevent illness if given the opportunity.

The era of precision medicine is at hand, and doctors need to have the tools, the tools to utilize this. One of the tools is known as laboratory developed tests in order to identify best therapies for a specific patient, but burdensome regulation by the Food and Drug Administration of laboratory developed tests would prevent clinical labs from developing tests to respond to public health needs.

I actually believe the Food and Drug Administration has no authority to regulate laboratory developed tests, and in fact, if they continue to do this, it will only create more roadblocks, more obstacles on our path to cures. As a physician, I am adamantly opposed to this.

This week, the Energy and Commerce Committee will hold a hearing on the future of laboratory developed tests. We must work together to oppose the

Food and Drug Administration's proposal, so that the work of medical professionals, which is to heal our patients using all the tools at our disposal, may finally be realized.

IMMIGRATION

(Mr. SMITH of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SMITH of Texas. Madam Speaker, the President continues to claim that if Congress won't act on immigration issues, he will, but the House has acted and recently passed legislation to address the border crisis.

The President still threatens to grant amnesty by executive order, but such actions run counter to his own statements about the illegality of enacting such immigration policies on his own.

In 2011, the President stated:

I swore an oath to uphold the laws on the books. Now, I know some people want me to bypass Congress and change the immigration laws on my own. That is not how our Constitution is written.

He stated as recently as last fall that, "If, in fact, I could solve all these problems without passing laws in Congress, then I would do so. But we're also a nation of laws."

The President should listen to his own words and abide by his oath of office and the Constitution.

IMMIGRATION REFORM

(Ms. JACKSON LEE asked and was given permission to address the House for 1 minute.)

Ms. JACKSON LEE. Madam Speaker, let me indicate that as our Members come back from the work recess—and I think it is important to establish that although 1 or 2 vacation days may have been taken and Members got a chance to see their families, they were working—and I am going to take the optimistic approach and say that the American people want to see us working over the next couple of days.

I believe we can collectively, with the President, address the terrorist threat of ISIS. Those of us who had a chance to be in the Middle East know how serious an impact that it has on the homeland, but I also believe that we can put on the floor of the House a comprehensive immigration bill, raise the minimum wage, provide for pay equity, and provide for the education of our children by bringing down the high interest rates for higher education.

Madam Speaker, it should be the rule of this House and the rule of the other body to work on behalf of the American people. Yes, we were working in our districts.

Now, we need to come and work on behalf of them and to ensure that the national security of our homeland is protected, to be reminded of those lives that were lost as we approach 9/11, and to raise the minimum wage, and to

save lives by passing comprehensive immigration reform.

As a Member from the border State of Texas, I know we can do this.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, the Chair will postpone further proceedings today on motions to suspend the rules on which a recorded vote or the yeas and nays are ordered, or on which the vote incurs objection under clause 6 of rule XX.

Record votes on postponed questions will be taken later.

MULTINATIONAL SPECIES CONSERVATION FUNDS SEMIPOSTAL STAMP REAUTHORIZATION ACT OF 2013

Mr. COLLINS of Georgia. Madam Speaker, I move to suspend the rules and pass the bill (S. 231) to reauthorize the Multinational Species Conservation Funds Semipostal Stamp.

The Clerk read the title of the bill.

The text of the bill is as follows:

S. 231

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Multinational Species Conservation Funds Semipostal Stamp Reauthorization Act of 2013".

SEC. 2. REAUTHORIZATION.

Section 2(c)(2) of the Multinational Species Conservation Funds Semipostal Stamp Act of 2010 (39 U.S.C. 416 note) is amended by striking "2 years" and inserting "6 years".

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Georgia (Mr. COLLINS) and the gentleman from Nevada (Mr. HORSFORD) each will control 20 minutes.

The Chair recognizes the gentleman from Georgia.

GENERAL LEAVE

Mr. COLLINS of Georgia. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous materials on the bill under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Georgia?

There was no objection.

Mr. COLLINS of Georgia. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, S. 231, the Multinational Species Conservation Funds Semipostal Stamp Reauthorization Act, was introduced by Senator ROB PORTMAN on February 7, 2013.

S. 231 would extend the Multinational Species stamp for an additional 4 years, through December 31, 2016.

□ 1415

The Multinational Species stamp was initially signed into law in 2010 in a bill

introduced by then-Representative Henry Brown of South Carolina. Profits from this stamp will go to support programs designed to help to protect African and Asian elephants, rhinoceroses, tigers, great apes, and marine turtles. Since its introduction, the stamp has generated \$2.5 million in proceeds that have been divided equally among the conservation programs.

By supporting this legislation, the Postal Service will be better able to sell its existing stock of 75 million Save the Vanishing Species stamps in further support of these conservation efforts. And with that, I urge my colleagues to support this legislation.

Madam Speaker, I reserve the balance of my time.

Mr. HORSFORD. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, S. 231, the Multinational Species Conservation Fund Semipostal Stamp Reauthorization Act, would require the United States Postal Service to continue issuing the Multinational Species Conservation Funds Semipostal Stamp for 4 more years.

The conservation fund is a small initiative, run by the U.S. Fish and Wildlife Service, that supports a variety of conservation efforts that benefit several species, including great apes, rhinoceroses, tigers, and marine turtles. Because semipostal stamps cost more than typical stamps, they allow members of the public to donate to a particular cause encouraged by the stamp. Passage of this bill is a way to raise revenue for the Multinational Species Conservation Fund without increasing its appropriations.

We have no objections to the passage of S. 231, and I yield back the balance of my time.

Mr. COLLINS of Georgia. Madam Speaker, I urge all Members to support passage of S. 231.

At this point, I will yield back the balance of my time as well.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Georgia (Mr. COLLINS) that the House suspend the rules and pass the bill, S. 231.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

NEIL HAVENS POST OFFICE

Mr. COLLINS of Georgia. Madam Speaker, I move to suspend the rules and pass the bill (H.R. 4939) to designate the facility of the United States Postal Service located at 2551 Galena Avenue in Simi Valley, California, as the "Neil Havens Post Office".

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 4939

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,
